

The Mysterious World of Dr Biology

Briefing Document

This report provides background information about the mysterious events that have been happening in the laboratory and study sites of Dr. Biology and his fellow scientists. Read this document before opening the secret files containing additional information. There is a checklist that should be used as your work through the process of discovering what has been happening.

Mysterious World of Dr. Biology Checklist

This checklist should be used as a guide for how to get the mysterious images and to prepare your report. Check off each step once it is completed.

- Read and review** the background information on pages 2-4.
- Open **Access Secret Files**. (<https://askbiologist.asu.edu/access-secret-files>)
- Download **Instrument Key**. (PDF)
- Review the **Tips and Tricks** page. (<https://askbiologist.asu.edu/help-and-tips>)

Select the type of files to download.

- Without a computer - print option.
- With a computer - digital option.

For **paper versions**

- Print the secret files.
- Cut out the images.
- Arrange the images.
- Write in what is being said.
- Glue down the frames on a piece of paper.
- Color the images.

For **digital versions**

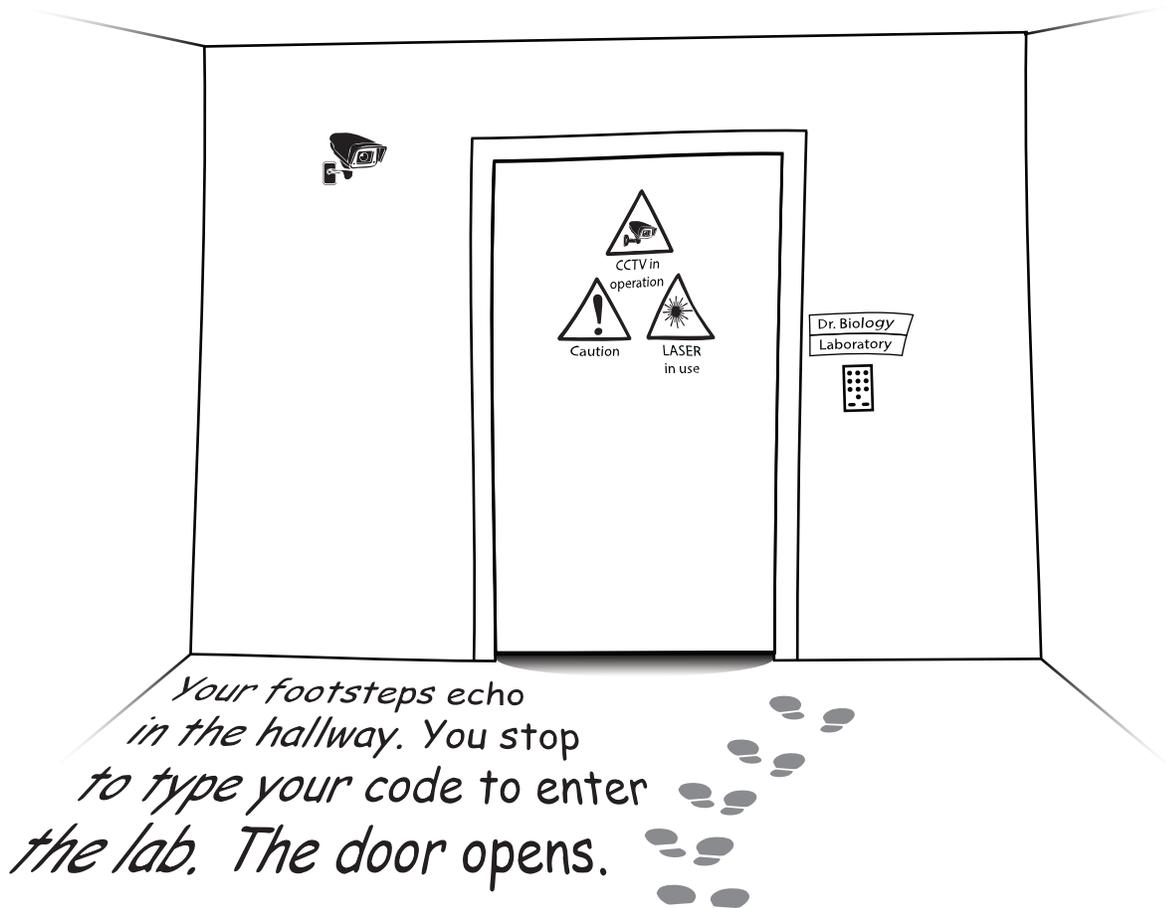

- Use computer program of choice to use digital images.
- Arrange the images.
- Write in what is being said.
- Color the images.

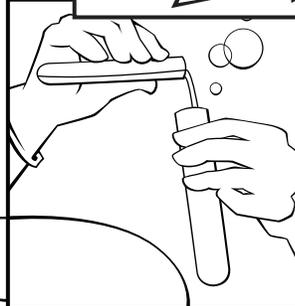

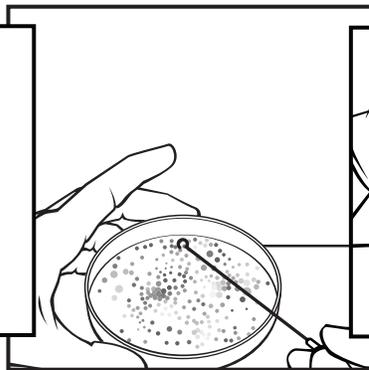

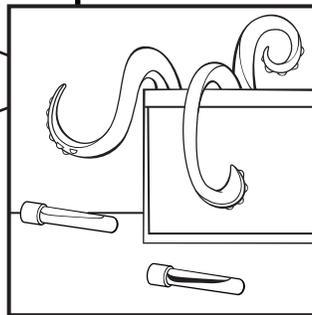

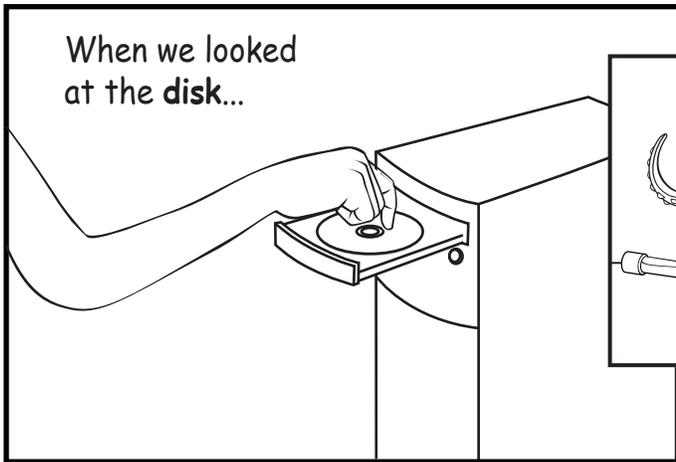

Send your report for declassification review.

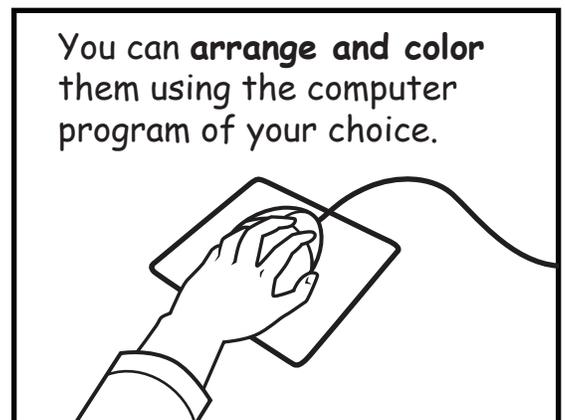

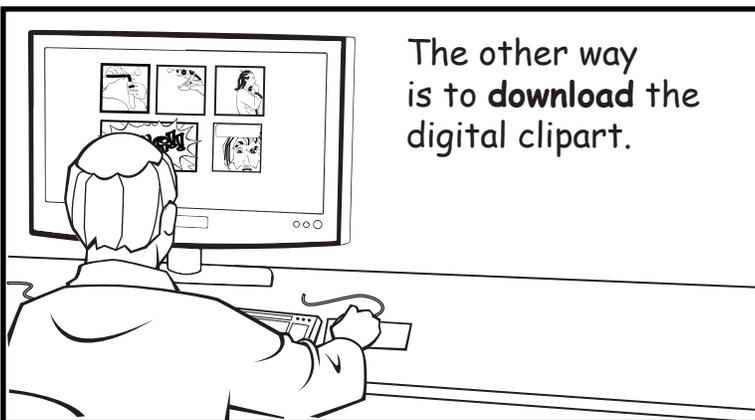

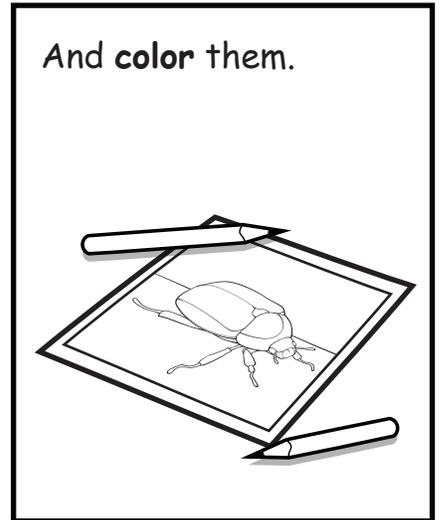

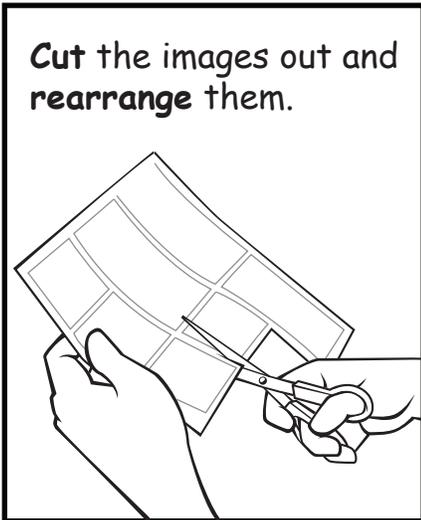

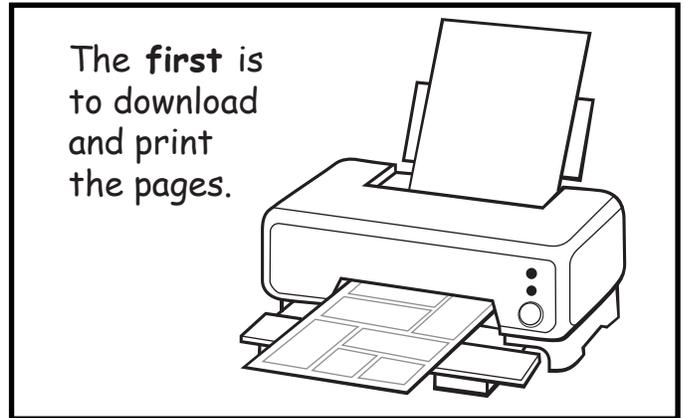

- Fill out declassification form.
- Paper versions - prepare for mailing (see instructions on page 4).
- Digital versions - take photos of your report pages and declassification form.
- Send photos for review using Secure Upload tool.

Background Information for

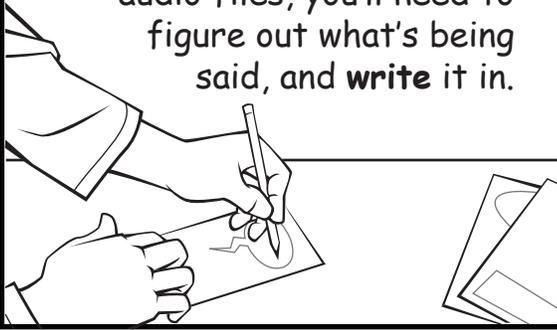

The Mysterious World of Dr Biology

Because there are no usable audio files, you'll need to figure out what's being said, and **write** it in.

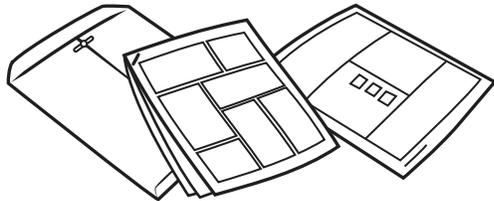

To help you, I have included an **instrument key** describing the tools in the lab and what they do.

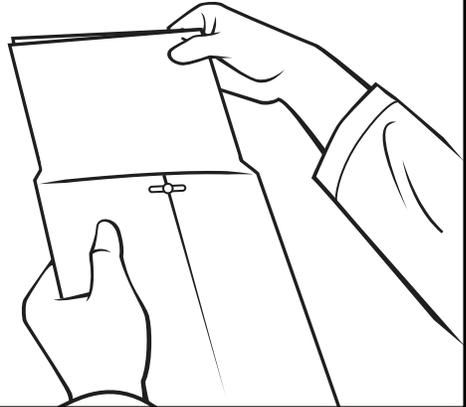

CLASSIFIED

When you're finished, send us your **report** along with a **declassification form**.

Place the pages in an **envelope**.

Cut out and glue the mailing address to the front, and **don't forget the stamp**.

If you want, you can also send us photos of your finished report using our secure upload tool.

We're counting on you!
